To Everyone working on the GYMCO project,

After months of waiting, our project is finally underway! The building that you are constructing will be one where many lives are changed and enhanced. GYMCO has a 22 year history of educating children (and adults) in physical skills. Our mission is to provide a unique learning environment to increase physical skill, confidence and courage. I invite you to visit our web site at [www.gymco.com](http://www.gymco.com) to learn more about GYMCO'S programs and philosophy.

Thousands of people will visit the building that you are constructing, and so many are even now anticipating it's completion. Each day our clients drive by the site to see the progress. Your hands are contributing to the dreams of so many!

We at GYMCO would like you to know that we appreciate you and your work. We are praying each day for blessings and safety for each person who is working on our project. I hope to meet many of you as I visit the site to view the progress.

On behalf of the parents, students and staff at GYMCO, thank you for your hard work and God's blessings!

Sincerely,

Doreen Bolhuis
