RE: MSU Cooperative Extension Service Building

Michael Garrett,

On behalf of the Kent County Building Authority, I would like to congratulate you and your team on a successful completion of the MSU Cooperative Extension Service Building. This project was smooth, trouble free and enjoyable project for the County of Kent.

Throughout the project I was impressed by the positive attitude, integrity, and professionalism demonstrated by the Pinnacle construction team. I appreciate the manner in which Larry Schmitt worked diligently to provide our Authority with a quality product in all phases of the construction. The whole Pinnacle team demonstrated a willingness and eagerness to not only get the job done, but the job done well, on time and within budget.

The Authority is looking forward to working with Pinnacle Construction Group on the Parks Headquarters Building.

Sincerely,

A handwritten signature in cursive script that reads "James M. Leach".

James M. Leach, AIA
KCBA Project Manager
